Cor. Leuterio st. San Vicente East, Calapan City

Dear Ma'am:

We, CHYNNA I. ALCANTARA, JENNY ROSE L. FAJILAN, and KING JAY JAY A. PACHECO, 4th Year IT students at MinSU Calapan City Campus, are kindly requesting your permission to deploy our project titled "EGIGCAFE: An Online Services Ordering and Reservation Management System for GIGCAFE."

This project is designed to provide an efficient way of handling and managing reservations and orders, enhancing convenience for both GIGCAFE and its customers.

The project has met all the necessary requirements, is fully functional, and has been developed under the observation and guidance of our instructors and adviser. We plan to deploy the project in your restaurant starting in September 2024. We will closely monitor the deployment process to ensure everything runs smoothly and efficiently.

We sincerely hope for your favorable consideration and response regarding this matter. Thank you very much, and God bless.

Respectfully yours,

**KING JAY JAY A. PACHECO**

Project Member
